SUMMARY

I am a 3rd-year Integrated MCA student looking for an internship to improve my skills in full-stack web development, blockchain, and software development. I want to gain real-world experience, work on projects, and learn new technologies in a team environment.

TECHNICAL SKILLS

Programming languages : JavaScript, Java, Python, C++, C, SQL, MongoDB.

Frameworks & Libraries : React, nodejs, Express, Springboot.

Tools : Postman, Git, Insonmia.

INTERNSHIP

NATIONAL INFORMATICS CENTRE, Tripura State Unit 18th May – 30th July, 2024

Project - Personal Data Encryption Decryption Service

Develop a scalable and maintainable backend with Spring Boot and a responsive frontend with React.

Create RESTful APIs for client registration, login, and data management. Document these APIs with Swagger for clarity. Ensure security with password hashing and token validation.

Implement JWT for authentication and authorization, and use MongoDB to manage client data. Encrypt sensitive data with RSA for secure transmission.

PROJECT

Inventory Management System – NexusLogic Technologies   25th July – 04th August, 2024

Using Node.js, Express, and MongoDB. This system will let you add, update, and delete products, and view a list of all products. You can also see details for specific products if needed.

Use MongoDB to store product information, though you can opt for LocalStorage if you prefer. Optionally, you can include a search feature to find products by name or other details.

ACHIVEMENTS

State-level Cyber Security Hackathon   -   NIT Agartala – 4th Position   –   Key Logger

National Level V J Hackathon – VNR Vignana Jyothi Institute of Engineering and Technology - Qualifier – 396 rank out of 1800 Teams

IEEE Summer School Participants – Assam University

Organized TechNOVATE Competition – Startup & Incubation Centre – ICFAI University Tripura – 200+ Participants

CERTIFICATIONS

TCS ion carrer Edge - Young Professional   - **TCS**

AIML Geodata Analysis - **ISRO**

Web Design & Development – **Skill India Digital Hub**

Finance & Account – **Great Learning**

Java Full Stack Development – **Simplilearn**
